

INNOVATION SPACES

Innovation Spaces include the areas of STEAM (Science, Technology, Engineering, Arts, and Mathematics). As we continue to create innovation spaces to support programming and instructional practices, E.T.C.S.D. is seeking support from local businesses and community members to further develop these innovation spaces in the form of a monetary contribution or the donation of equipment/machinery (if suitable), which will help us meet necessary requirements toward providing authenticity to our learning environments.

INNOVATION SPACE DONOR LEVELS

All innovation space donors will receive a letter of appreciation and recognition on our website.

Bronze: Up to \$1,000

Silver: \$1,001-\$5,000

Gold: \$5,001-\$10,000

Platinum: \$10,001-\$50,000

Donations over \$50,000 will be considered for naming rights to an area within the innovation space.

QUESTIONS?

For questions regarding donations, please contact Dr. Christopher Hibner
