### FIELD TRIP PERMISSION

Throughout the year, there are times when our instructional program must be taken out of the classroom and into the surrounding communities. Field trips to places of educational importance are a part of our curriculum. These trips are an outgrowth of learning activities in the classroom and are carefully selected and planned. We expect students to participate in these field trips as they do in other learning situations. All students must have a written permission slip on file in the classroom in order to attend these field trips. If written permission is not on file at school, the student will not be allowed to attend the field trip. This completed form indicates your approval and gives your permission for your child to attend all field trips during the school year. You will receive details and information on each field trip that your child will attend.
