Pupil Academic Standards

2015 Wisconsin Act 55 under section 120.12(13) requires local school districts to notify parents/guardians of students enrolled in the school district of the student academic standards that will be in effect for the school year. Under Wisconsin State Statute 118, local school boards were required to adopt pupil academic standards in mathematics, science, reading and writing, geography, and history by August 1, 1998.

That being said, East Troy Community School District had adopted the Wisconsin Academic Standards since 1998 and any revisions made to them <http://standards.dpi.wi.gov>. All content areas in the East Troy Community School District are aligned to the Wisconsin Academic Standards that are supportive of preparing all students for college and or career readiness.

Please note that Standards are not the curriculum; they are performance expectations. The curriculum is the work of the district such as learning targets, assessments, activities, resources to be used, etc. All of which we continue to implement, update and revise. Finally, we continue to encourage each of you to visit <http://easttroy.buildyourowncurriculum.com/Public/Landing/Grades.aspx> toward understanding and sharing of the curriculum.

Student Attendance

The East Troy Board of Education encourages a strong partnership between the home, school and community. If student learning and growth are to take place, parents/guardians, students and school personnel must recognize their responsibilities to assure regular school attendance.

The East Troy Board of Education, in recognition of the statutory requirements for school attendance and the overwhelming public need for an educated society, believes school attendance should take precedence over non-school activities. - A. Is excused temporarily for physical or mental reasons, or other reasons defined by the Board of Education
- B. Has graduated

Any child who is 16 or 17 years of age may be excused from regular school attendance by the school board to a two or four-year college or technical college through the Youth Options Program. A student may also attend an adult high school diploma program at a technical college in lieu of high school if the student falls under the definition to be considered to be a *Child At Risk*. Further modifications may include:

- A. Modification within the child's current academic program
 - 1. Abbreviated day
 - 2. Modified curriculum
- B. At school work-training program
 - 1. Gateway HSED
 - 2. Supervised school work-training program for credit
 - 3. Second Chance Programming

- D. Enrollment in correspondence or Internet courses approved by the school

It is the responsibility of the parent/guardian to notify the school of student absences in accordance with established District procedures. When students are absent from school, parents/guardians assume full responsibility for their activities. It is the responsibility of the principal or designee to determine whether the absence is acceptable (excused) or not acceptable (unexcused).

It is the intent of the East Troy Community School District Student Attendance policy (431) to provide consistency throughout our district that meets all attendance provisions per Wisconsin Statutes, and to assist and intervene in a positive manner with the parents and or student to correct any attendance issues before issuance of "habitual truancy."
